

The diagram illustrates a split keyboard layout with two main halves and a central bridge. The left half features a standard QWERTY layout with additional function keys like LCTL_T, LSFT_T, LALT_T, and MO(3). The right half mirrors the QWERTY layout with function keys like LALT_T, RSFT_T, LCTL_T, and LT2, KC_SPC. The central bridge connects the two halves with Left Shift, Right Shift, and TO(0) keys. The keyboard is shown in a light gray color with a white background.
